

OFFICE OF THE CHIEF ELECTORAL OFFICER
FOR EXPEDITED 2026 GENERAL ELECTION

ISSUE: PUBLIC 2026 VOTERS LIST FOR ELECTION

The Mohawk Council of Kanesata:ke (MCK) continues to rely on Indigenous Services Canada (ISC) to administer the MCK band list and the voters list for elections. As a consequence, there may be deceased members still on the band list, and they would also appear on the voters' list provided by ISC.

Documentation to update ISC records is required. Until such time, the names of deceased band members will remain on the lists. ISC does not update and process without the relevant documentation.

ACTION:

For the 2026 General Election, local membership administration personnel will assist the Chief Electoral Officer in the preparation of an updated voters list that excludes the names of deceased individuals. The updated list will constitute the official voters list for public posting and will be posted on October 17, 2026.

The original voters list provided by ISC will remain in the custody and under the control of the Chief Electoral Officer throughout the election period. It will be used to verify candidate information and for other related election administration purposes.

CONTACT:

If there are still those deceased on the public voters list or voters missing, please contact me at:
